INCIDENTS OF NOTE

Of Note or with community impact between 6th Sept-8th Oct

You will be very pleased to know that there have been no crimes or incidents with community impact in your parish between the dates above, however;

Please advise all in the parish to report any suspicious activity or vehicles at the time of happening.

Make sure all out building are secure.

There have been a number of residential burglaries also in other areas. These have happened in day light hours.

Make sure all doors and windows are secure and make sure back doors are locked before opening the front door.

Please be aware of a new scam targeting the elderly population.

Persons are calling and offering half price TV licenses.

Some folk unfortunately have given over their bank details.

Another elderly person has been asked to transfer money from her bank account to the callers. The caller has told the lady that unless she does, then he would be sending the bailiffs to her property. In this case the bank was brilliant and alerted the police.

There have been some very pushy fish sellers in the areas, who have so far been reported to have sold rotten fish, entered properties, and have been pushy and intimidating. Please report any behaviour that concerns you.

Please be aware that although some cases of frauds or scam seem to target the vulnerable, we must all be on guard, we are not exempt.
